Professional Summary

I am a dynamic IT professional with over 6 years of experience in system administration, networking, cybersecurity, cloud technologies, and IT support. Proven ability to design, secure, and optimize enterprise infrastructures while ensuring reliability, scalability, and compliance. Skilled in presales engagement, system integration, threat detection, and end-user support, with a strong focus on efficiency, security, and customer satisfaction. Committed to continuous learning and driving innovation in modern IT environments.

Core Skills

- **System Administration:** Windows, Linux, Mac & Server OS, Active Directory (AD), Group Policy, DHCP, DNS, RBAC, user management, SAP/ERP/CRM systems, iDRAC server monitoring, backup, recovery & disaster recovery planning, technical documentation
- **Networking & Infrastructure:** Network design, firewall configuration, VPN, DHCP/DNS, Nmap analysis, RAK monitoring, infrastructure upgrades, cable crimping & troubleshooting
- **IT Support & Maintenance:** Desktop/mobile support, OS installation/configuration, hardware/software deployment, printer/scanner/device management, application support, SLA-driven troubleshooting, remote support & end-user training
- **Cybersecurity & Threat Management:** Threat detection, endpoint security, malware prevention, EDR/XDR/SOAR/SIEM, policy enforcement, incident monitoring & response
- **Cloud & Virtualization:** Google Workspace, Microsoft 365 & Teams, cloud deployment & optimization, VMware, Hyper-V, KVM, backup & restore solutions

Additional Expertise (Value-Add Skills)

- **Marketing & Platforms:** Website management, social media monitoring, WhatsApp/email campaigns, online branding strategies
- **Licensing & IoT:** Software/platform licensing, IoT device configuration, integration & monitoring
- **Presales & Training:** Product demos, POCs, client consultations, IT project management, customer training & support

Professional Experience

System Administrator — EliteVAD FZCO (Jul 2024 – Present)

- Managed hybrid IT infrastructure (on-prem, Azure, AWS, and VPSie Cloud Platform), ensuring high availability and scalability.
- Administered Microsoft 365, Teams, Google Workspace, Active Directory, and RBAC to strengthen identity and access management.
- Implemented enterprise backup, disaster recovery, and automation strategies, reducing downtime and incident response times by 35%.
- Supported 300+ end-users across multiple locations, delivering seamless IT operations and service continuity.
- Oversaw EDR deployments on 200+ endpoints, enhancing cybersecurity posture and threat prevention.
- Contributed to presales of cybersecurity solutions, IoT platform, and cloud services, supporting business growth initiatives.

Technical Support Executive (Locator) — Synosys Technologies LLC (Dec 2022 – Jul 2024)

- Resolved 90%+ of L1 and L2 support tickets within SLA, improving user satisfaction

- Configured and managed networking hardware and cloud accounts for SME clients
- Provided support for CRM and email platforms, ensuring minimal disruption
- Trained 50+ users on endpoint security practices and Microsoft 365 tools

Support Engineer — Savari Motors Hero (Apr 2021 – Sep 2022)

- Implemented endpoint protection and resolved recurring hardware/software issues
- Reduced system downtime by 40% through preventive maintenance and documentation

Customer Support Executive — Info Link (Aug 2021 – Mar 2022)

- Handled 100+ daily customer inquiries, resolving 85% at first contact
- Provided support for Hardware and Network, ensuring minimal disruption

Desktop Engineer — Delta Solution (Jan 2020 – May 2021)

- Configured and deployed OS for 1500+ users across client sites
- Installed and maintained printers, scanners, routers, and other IT peripherals

Education

Diploma in Computer Science Engineering (2017 – 2020) — Annamalai University

Internship In Network Engineer (2021 - 2022) -- SYNNEFO SOLUTIONS (RHCE, AWS, MCSE, CCNA, Cybersecurity, A+, N+)

Technical Skills & Tools

Operating Systems, Windows Server, Linux Server, Active Directory (AD), Group Policy, DHCP, DNS, RBAC, iDRAC, SAP, ERP, CRM, VMware, Hyper-V, KVM, Google Workspace, Microsoft 365, Teams, VPN, Firewall, Nmap, RAK, Endpoint Security, EDR, XDR, SOAR, SIEM, Cybersecurity Policies, Malware Protection, Data Backup, Recovery Solutions, Disaster Recovery, Technical Documentation, Network Design, Cable Crimping, Connectivity Troubleshooting, Remote Troubleshooting, SLA-driven Support, Application Support, Printer/Scanner Management, IoT Device Configuration, Software Licensing, Cloud Deployment, Optimization, Website Management, Social Media Management, WhatsApp Campaigns, Email Campaigns, Online Branding, Product Demonstrations, POCs, IT Project Management, Customer Training
